Town May Face Claim Over Grafton Street Condominium Project

By Edward J. Cooney

MILLBURY - Chairman Jude Cristo called the August 21 Selectmen's meeting to order at 7:00 p.m. Town Clerk Dave Matson was present for the board's signatures on bonds totalling $1,270,000 for the closing of the landfill.

The board agreed to cancel its September 18 meeting since that is the day of the Primary Election.

Claim Against Town

A letter was received from Attorney David Kneeland, Jr., of the law firm of Glickman & Sugarman in Worcester, representing The Paul Revere Village Association, Inc., of Grafton Street, Millbury. Kneeland advised the board that the Association intends to make a claim against the Town of Millbury for damages suffered to the Paul Revere Village Association "as a result of the acts or failure to act by the Town of Millbury, its agents, servants or employees."

The letter alleges that during and after the construction of the Paul Revere Village condominiums the Town "failed to perform most of the inspections that are required or did so in a careless and negligent manner."

The letter charges, "The septic systems, electrical systems, and decks are not in compliance with the Massachusetts Building Code. All of these items are in their original condition and must be replaced for safety's sake and to comply with the Building Code. In addition, there are few if any fire walls in the attics of the buildings, the chimney and sewer vents are improperly installed, and all of the buildings have suffered extensive water damage as a result of construction practices contrary to the Building Code."

The letter also states that the cost of correcting the problems has not been determined as yet but it will be "considerable."

According to records in the Building Inspector's Office, the condominium project was completed in 1985 by Forrow Builders, Inc. A special permit for the project was granted by the Planning Board in 1983.

Cristo suggested that the board not discuss the matter since the town may be subject to litigation.

Guard Rail

Chase reported that the guardrail at the intersection of North Main Street and Martin Street is located on private property and does not belong to either the town or the state. He said that the addition of a chain link fence instead of a guard rail would not improve visibility. It was noted by Cristo that the property owner has added shrubs in tubs which could add to a visibility problem when coming out of Martin Street.

Cristo suggested that Chase write and inform the owner that the guard rail is on his property and express concern that the shrubs not grow to a height to make the situation any worse than it is.

Grant Application

Police Chief Ron Stokowski was present to request the board's approval to go forward with a grant application from the Criminal Justice Department for software for a report information system. The board approved the request.

Ace Hardware

The board met with Steve Chabot, owner of Ace Hardware on South Main Street, to discuss issues surrounding the sidewalk, trees to be planted, and the use of a driveway for parking in front of the hardware store.

Chabot said he met with Town Planner Dave Hulseberg to review the work to be done. He explained that some brick work remains to be done on the sidewalk and that the trees are on order. It is expected that the work will be done by the deadline of September 15.

Chabot asked the board for an okay to keep the driveway open for customer parking because it has helped his business since some people don't like to park further up the street.

Cristo asked if doing so would allow for pedestrian traffic. Chabot assured him there would be no problem.

Gauthier referred to an agreement with the Planning Board that allowed the opening of the driveway for trailer trucks to drop off supplies.

Chabot argued that if parking for his customers was not allowed in front of the store it would hurt his business. He also said he was told by Hulseberg that there would be no problem if the Board of Selectmen approved.

Selectman Gerry Bleau moved to approve the use of the driveway for customer parking. Selectman Bernard Plante seconded the motion.

Gauthier and Selectman Roland Lachance said they would vote against the motion as the board would be interfering with another elected board's authority. "If there is a Planning Board Order of Conditions, I have to respect it," Lachance said.

Cristo said that the board could approve the request on the condition that the Planning Board okays it.

Bleau then withdrew his motion and Plante his second. Bleau made a new motion with the provision that parking in the driveway area be allowed contingent upon the planning board's approval. The board voted 3-2 approving the motion with Lachance and Gauthier opposed.

Recycling Committee

The board met with the newly formed municipal recycling committee which was established to look into ways for developing a recycling program within municipal government to include as well the school department and students within the school system. Cristo said such a program would provide a model for the rest of the community in developing alternative ways to recycle and reduce the waste flow. He also said that its development within the school would also provide a spinoff from students to parents to develop a recycling mood within the community.

Committee member Matt Belsito represented the Town Highway Department and said that, having worked at the transfer station, it appears that people are ready for a recycling program. Cristo suggested that the committee could look into what markets might be available for recyclable materials as part of their study.

Earl Chase said that, as coordinator, he would try to get the first meeting of the committee set for some day soon at 3:00 p.m. so employees on the committee could attend meetings. Other members of the committee include: Town Clerk Dave Matson, School Department Business Manager Sue Pierce; and Board of Health member James Morin.

Appointments and Resignations

Zoning Board of Appeals member Cheryl Hennigan has offered her name for appointment to one of two positions open on the Conservation Commission. It was also noted that June Cote has expressed a similar interest. No action was taken.

Albert Kupcinskas has resigned from the Millbury Housing Partnership.

A letter from the Arts Council noted that a vacancy exists on the board.

Transfer Station

Chase said SEA Engineering, consultants on the transfer station project, will be coming before the board September 4th to present their case for additional funds for what they consider was additional work performed. Cristo asked Chase to provide the board with information in advance to assist them in understanding where the town stands in relation to this matter.

Dorothy Pond Restoration Project

Chase reported there was nothing new in relation to the Dorothy Pond Restoration Project. He did note that a letter was received from Hayward Lane residents Gary and Cynthia Bunnevith asking the board to rebut information that was printed in the Telegram & Gazette concerning Dorothy Pond. The writers charged that the article was totally deceiving and filled with half truths. The article apparently referred to Dorothy Pond as "dead." The Bunnevith's also maintained that as a result of the article they have been unable to sell their home.

Cristo noted that on any given Sunday anyone can see the pond being used for swimming, jet skiing, and boating. He acknowledged that weeds have been a problem in contributing to pollution and said part of the problem can be attributed to the City of Worcester which denies any part in the problem.

Welcome to Millbury

The Reverend Jane Haley and her children Emily, age 7, and Andrew, age 3.

MILLBURY - The Reverend Jane Haley began her pastorate at First Congregational Church, UCC (United Church of Christ), West Main Street, on August 19. She previously served at the Congregational Church of Phillipston and at churches in Colorado and Wisconsin, her home state. Reverend Haley graduated from Andover Newton, Newton, MA, in 1979.

"I look forward to a time when together we will minister to each other and the community," she said. Pastor Jane will be in the church office Monday through Thursday from 9 a.m. to noon.

We The People...

Stick With Dick

To the Editor:

I may be outraged by the recent increase in my taxes, but I'm not so blinded by that rage that I'd vote for just anybody who isn't an incumbent Democrat.

My state rep happens to be a Democrat. Yet he's voted against new taxes. He's fought to achieve cuts in state spending. He's done a good job representing the people of Douglas, Millville, Uxbridge, Webster, and Sutton. I know Rep. Dick Moore, and I know he's active in our area. I know that he works hard to help the individuals, organizations, and communities he represents.

Dick's Republican opponent has never been active in the Republican Party or in any public office. I know of nothing he's done to convince me that he could do a good job as state legislator, or that he could do a better job than Dick Moore has done. This fellow claims he supports the CLT tax cut ballot question, but I couldn't find his name on any petitions. On the other hand, Dick has already voted against every tax that CLT wants us to repeal.

I won't support some unknown Republican who has no record for me to judge what kind of state rep he'd be. I'll send my message to the tax and spend crowd on Beacon Hill by voting for CLT and for Dick Moore. I'll stick with Dick!

Dennis Daley
Uxbridge

Says Kollios Deserves to be Reelected

To the Editor:

Paul Kollios is a competent and dedicated State Representative. He is a man of courage and compassion, who has consistently supported services and programs for children and the elderly and for the poor and the disadvantaged.

Paul has earned the support of the average working person. He is endorsed by a wide range of unions including auto workers, teachers, truck drivers and nurses. He has been a steadfast friend to labor.

Although it clearly was not in his personal or political interest, he voted for taxes because it was in the interest of those who depend on government for education, housing, health care and other services.

Paul Kollios is one politician who understands that it is empty political rhetoric to say you are for vital government programs and not have the courage to vote for taxes to fund those programs. For his courage and commitment, for his compassion and his competence, but most especially for the people of Auburn, Oxford, and Millbury, he deserves to be reelected.

Wayne Sclar
Millbury

Kollios-Tuttle Debate Set for September 7th

MILLBURY - Friday, September 7, has been set as the date for a Republican Town Committee sponsored debate between State Representative Paul Kollios (D-Millbury) and his challenger in the November election, Independent candidate Alan Tuttle. The debate will be held at 7:30 p.m. in the Millbury High School Auditorium. The public is invited.

Another Point of View

Keep the Red Lights Flashing

By Lawrence Moore

How long will we maintain our fighting level of fury? How long will we remain alert to the forces that are demoralizing our lives and our Commonwealth?

One of the greatest dangers we face is our human ability to become accustomed to unpleasantness. For the first few nights of the hot summer season, the noise of the air conditioner or fan keeps us awake, but eventually we get used to it and sleep. Even those of us afflicted with chronic arthritis eventually learn to ignore the constant pain in our thumbs and our back and our legs. How many times have we enjoyed a particular dish at a restaurant and, after having returned a second or third time, no longer find it stimulating?

Our entrenched politicians, consciously or unconsciously, take advantage of this human frailty. Remember how long the Legislature was kept out of session so that efforts to reduce the State's expenditures to enable us to live with a lower tax bill could not be acted upon? Remember how long the budget debate kept on and on and on until the Legislators themselves were so weary of it that eventually it passed?

Until the September Primary and the November election, we must be careful of the subtle traps that are set out to help us become accustomed to the current status quo. These subtle traps are an insult to our intelligence. A short time ago, Governor Dukakis proudly proclaimed that he would be turning over a healthy State economy to his successor. Either he is so far gone that he believes this, or he feels that we are so gullible that we will accept it.

Republican candidate Pierce insists that the State is out of balance by between $200 and $400 million. He also reminds us that for the past several years the Governor has had to submit supplementary budgets to continue the operations of the State. Even now we are bonding over $1 billion to pay for last fiscal years shortfall, and as I've predicted before, at the end of this fiscal year we will be doing the same thing.

MILLBURY from Page 1

Jug Handle

Cristo reported that at a recent meeting concerning the jug handle and traffic situation on Rte. 20 at the Industrial Park entrance it was agreed to propose to the state a traffic signal as an interim solution with a deceleration lane. He suggested it would take approximately six months for the state DPW to get the lights up. According to Cristo, the DPW will also be pursuing eminent domain for land taking for the jug handle.

Chase said the lights at Granite Street would have to be replaced as they are the old type that can't be synchronized.

Center School

Chase presented the board with recommendations for rental of space at the Center School. Representatives of both the Hosanna Church and the Lions Club have expressed an interest in renting space.

Chase suggested the following rents based upon use of the space one day or one night per week. $100 per month for gym area, $25 per month for a small classroom (24x20), $32 per month for the large classroom (32x24). Chase said that heat would be included in the rent.

Water Rights

Chase spoke to the issue of water rights and deeds received from David White, of Whitewater, for Singletary and Brierly Pond. He said the deeds show no reference to water rights.

Cristo also noted that the small pond and a gate on Rhodes Street would be part of the control of water. A question arose on who owns the pond and the water rights.

Lachance cautioned that research was needed for descriptions and water rights which could require extensive research.

Chase suggested that the town seek a legal opinion.

Landfill

Lachance asked the board to write the Department of Environmental Protection (DEP) seeking information pertaining to when the capped landfill could be put to other uses by the town. Chase said the DEP has not developed any statutory time since they have not had enough experience yet with that issue to establish a time frame.

Lachance said it wouldn't hurt to ask them for information.

Playground

MacArthur Drive resident Mark Strom told the board that the playground land used by children on the street is town owned land. He said residents want to make improvements for a tot lot and have been advised by Attorney Peter Keenan that the land has been owned by the town since 1949. Cristo suggested that Strom get together with Town Planner Dave Hulseberg, the Parks Department and Earl Chase to discuss the issue.

Tree Removal

An agenda item concerning tree removal on Rogers Street generated some discussion which centered on the tree warden and what he was doing in relation to tree removal on Rogers Street and Hawthorne Street. It was noted that the Safety Officer made a recommendation to remove two large trees at Rogers and Greenwood Street to improve visibility but nothing has been done as yet.

Lachance said there appears to be a lot more requests for tree removals lately than in the past. He said the present Safety Office, Ron Richards, was conscientiously performing his duties.

Street Lights

Chase reported on a conversation with Mass. Electric representatives concerning a proposal by Homestead Inc. to change all town lights from the present type to sodium vapor to be eligible for reduced savings in electric bills for street lighting under an S-2 rate. Chase said the electric company has no recommendation one way or another.

Chase also said the purchase of new lights would require bidding with specs provided by Mass. Electric. The estimated capital outlay for new lights would be $200,000.

Central Diner

The board met with Paul Poirier, owner of Central Diner on Elm Street. Complaints have been lodged about noise in the early hours of the morning allegedly created by patrons of the diner. Cristo explained that the board wanted to see if a balance could be achieved between the best interests of the diner and the citizens who live across the street in Centerview Apartments.

Cristo deferred to Chief Stokowski who reported that there have been 13 complaints filed since last January, mostly from residents in the Centerview Apartments. He also said that not all of the complaints were generated by the diner.

Cristo asked Poirier if the could think of any way to control the noise associated with the diner.

Poirier replied that he was doing the best he could and in the past was not present when any incidents occurred. He told the board that he will close at 3 a.m. on weekends instead of remaining open for 24 hours. He also said that if he was required to hire a police officer the amount of business generated at that time would not support the cost.

Stokowski said that 99% of the complaints occurred prior to 3 a.m., usually between 1 and 2 a.m.

Lachance asked how often cruisers drive by the area. Stokowski said the night commander on duty has made a number of visits to the diner and has spoken to the owner. He also said that the night patrol has to cover the whole community and cannot exclusively patrol the 95 Elm Street area.

Millbury resident James Fitzpatrick said he has frequently visited the diner in the evening and found no problems. He maintained that the diner is an asset to the downtown and said the owner was trying to make a go of the business.

Cristo told Poirier to speak to his customers and possibly post a sign inside the diner asking patrons to respect the surrounding neighbors. Poirier said that was what he planned on doing.

Lachance moved to allow Poirier to have 60 days to address the issue. The board approved the motion 5-0.

Street Openings

Under New Business, the board voted unanimously to approve a drainlayer's renewal license and a street opening at 71 Elmwood Street for F&G Construction. Cristo said that since the area was a recent overlay by the town, F&G would be required to place an overlay of 20 feet at the street opening area. A ComGas request for a street opening at 2 Epping Street was also approved.

Correspondence

A letter was received from Sgt. Glenn Parath requesting time excused from duty to perform duties as a union representative. The board voted unanimously to ask Parath to meet with both the selectmen and the Personnel Board as his request was subject to collective bargaining.

A letter from residents of Shirley Street and Hilltop Drive asked for the posting of both streets at 20 m.p.h. and "Go Slow, Children" signs. The board approved the "Slow" signs but deferred action on the speed limit signs until a check is made with the safety officer.

The board also deferred action on a letter requesting the removal of three trees on McCracken Road that pose a safety hazard. The board will seek an update on all trees from the Tree Warden and take some action next week.

ANOTHER from Page 2

In fear of the Citizens for Limited Taxation proposal on the fall ballot, the Governor announces a massive construction program, and warns us that if the CLT proposal is passed, this program will not go ahead. While he proposes construction, the budget takes away money for local highway maintenance.

Are we going to continue to let them pull the wool over our eyes?

It will be interesting to see whether Speaker Keverian is elected State Treasurer. If he is not, it means that even in his home district, the people have finally realized that change is needed and that Keverian himself must accept his responsibility for what has happened during his tenure as Legislator and Speaker.

If, however, he is elected, it will not bode well for the future. It will mean that the machine, the partyism, the cronyism, the favoritism and the "do nothing" office holders are in control. It will mean that those who want change did not take the trouble to get out and vote. It will mean that personal power is overcoming democracy.

The fault for our very serious Federal problems has to be shared between the White House and the Congress, between the Republicans and the Democrats. Here in Massachusetts, however, except for a few brief interludes when a Republican occupied the Governor's office, the State has been in the control of Democrat incumbents. Nothing they did was responsible for the Massachusetts Miracle. The party machine fed off the Massachusetts Miracle like the ancients at a Bacchanalian orgy. California has 108 State employees per 10,000 people. Why does Massachusetts need 158?

Don't be lulled into acceptance or inaction. You can bring about change. Keep the red lights flashing.

Beacon Hill Roll Call

This week's Beacon Hill Roll Call continues its report on Representative Richard Moore's and Representative Paul Kollios' votes on previously unrecorded roll calls on amendments to the $13.4 billion fiscal 1991 state budget.

COUNSEL FEE - House 81-71, rejected an amendment raising from $40 to $200 a proposed fee to be paid by any person provided a public defense attorney and allowing the state to take the fee from income tax refunds of persons who do not pay within six months. The amendment also requires prisoners who receive wages while on work release or furlough to pay 10% to the Committee on Public Counsel. Amendment supporters said these requirements are reasonable and will reduce expenses. Opponents said many of the people are indigent and can't pay anything. Moore and Kollios voted for the amendment to raise the fee to $200.

07 CONTRACTORS - House 86-65, rejected an amendment providing that all persons supplying goods or services under contract with any state agency or department be defined as a state employee. Amendment supporters said this will include 07 contractors under the state ethics law. Opponents said these are private contractors who should not be subject to state reporting and ethics requirements. The House later 89-67 approved the same amendment with added language providing the definition apply only to people with contracts over $40,000. (Both roll calls are listed. The first is on the original amendment defeated 86-65, the second is on the $40,000 amendment approved 89-67. Moore voted for the amendment on both roll calls. Kollios voted against the amendment on both roll calls.

SERVICE CORPS - House 128-22, rejected an amendment restoring $576,000 in funding for payments of stipends to the corpsmen of the commonwealth service corps in the amount of $120 monthly. Amendment supporters said this is a small amount to pay for these volunteers who work 120 hours a month on important projects like fuel assistance. Opponents said the state cannot afford this money and argued the money can be used for direct services. Moore voted against the funding. Kollios did not vote.

Selectmen Schedule Public Hearing

MILLBURY - The Board of Selectmen has scheduled a public hearing on behalf of the Public Works Study Committee on Monday, September 10, at 7:00 p.m. in the Conference Room of the Municipal Office Building, 127 Elm Street. A copy of the proposal is available in the Selectmen's Office.

This hearing will be conducted by the Study Committee and will discuss the proposal to establish a Department of Public Works in the Town of Millbury.

Takes First Place

MILLBURY - Eighteen-year old Jim O'Leary of Millbury has won first place in the National Assemblies of God Teen Talent Festival held recently in Springfield, Missouri. The category was photography. He received a Superior Trophy in March during the Southern New England Teen Talent Festival which enabled him to go on to the Nationals that were held the first week in August. The award winning photo was of two young girls reading a bible.

In 1988, O'Leary received a Superior Award in the Southern New England Teen Talent Festival. He has also received a Silver medal in school for V.I.C.A. (Vocational Industrial Clubs of America) in photography. He hopes to further his education at the Brooks Institute of Photography in Santa Barbara, California.

O'Leary is a 1990 graduate of Blackstone Valley Tech. He is the son of Tom and Ginny O'Leary of 121 Main Street.

Waters Farm Video to be Shown at Historical Society Meeting

SUTTON - The Sutton Historical Society will meet on Tuesday, September 4, at the Manchaug Baptist Church in the center of Manchaug at 8:00 p.m.

Following the business meeting, Stephen LeClaire will present a video entitled, "The Reenactment of the History of the Waters Farm." Refreshments will follow the program, and the public is welcome to attend.

Kollios Office Hours

MILLBURY - Representative Paul Kollios will hold office hours at the Millbury Town Hall on September 11 and 25 from 7-8 p.m. in the Selectmen's room.

Support Group

WORCESTER - The Worcester Separated and Divorced Catholics Support Group meets every Thursday evening at 7:30 p.m. at Our Lady of Fatima Church Hall, Belmont Street. All denominations, whether separated, divorced, widowed, or non-married are invited to attend. For more information, call 753-9108 or 852-1480.

Committee Updated on Budget and Playing Fields

By Edward J. Cooney

SUTTON - Chairwoman Elizabeth Bacon called the monthly meeting of the School Committee to order on August 20. All members were present.

Appointments

Superintendent Gordon Spence presented a list of appointments to be considered for approval: June Woehlke, part time secretary; Mary Cipro, teacher; John Randall, J.V. Soccer Coach; and Marc Smith, band director. The committee approved the appointment of Cipro contingent upon the receipt of a letter of resignation from Anita Newman Giganti who has submitted a verbal notice of resignation. The committee approved unanimously the remaining three positions.

In other appointments, Ruth Millette was appointed to a teacher aide position in Special Ed at $6.00 per hour.

Karen Kent, a certified occupational therapist, was approved to provide therapy services for 12 hours per week at $25 per hour. Spence noted that her services would be utilized in place of contracted services in hopes of cutting down on expenses for therapy services outside the system.

The committee asked that a search for a physical therapist be pursued further as there were no applicants for the advertised position.

Lunch Program

The committee approved a recommendation from Spence to comply with guidelines established by the Federal Program for Reduced Free Meals. Spence said a vote is required to participate in the program.

Spence also recommended approval of an increase in milk prices from .25 to .30 and an increase in meals for adults from $1.65 to $1.75. The committee approved 5-0.

Spence said that shifting bookkeeping chores from the cafeteria to his office would help reduce operating costs and keep the cafeteria accounts in the black.

Budget

Spence reported on the state of the budget for FY 90-91. He noted that the turnover of a teacher has reflected a savings of $17,000. "The Cherry Sheet can impact us," he said. "It came in with $25,000 allotted toward state ward tuition." Spence said the allotment was higher than he had estimated. "Usually that money comes in May or June. I used a figure of $20,000, in effect you have $5,000 there plus the $17,000 from the turnover of a teacher. The only negative is that equal educational opportunities monies were reduced by 4% or $5,051.

In summarizing, Spence said, "The budget is in balance and it may come out with a positive balance. The cloud now is (1) the total budget for the town was reduced $48,000 in Chapter 70A. I don't think anyone thinks it is serious at town hall; (2) The referendum vote in November, I have no idea what that will be. Some say if it is passed it would be repealed the next day. You usually get on the Cherry Sheet what it says on the Cherry Sheet; (3) the other one is energy. I have no idea and nobody knows, but when OPEC was talking about limiting production about a month ago, we bought 18,000 gallons at 56 cents. Last time I checked it was 78 cents. The last I knew it was $28 a barrel and last year we operated at a price of $14 per barrel. I don't know what it is going to be in the future. We operate on 100,000 gallons per year."

Spence noted that with monies budgeted, the school system could operate in the budget at a price of 68 cents per gallon. "You can figure every penny oil prices go up it means to you $800 if you use 80,000 gallons. If it goes out of sight, there will be a problem. If not, it is manageable," he said. "The budget at present is manageable with a surplus in there around $9,000 at the moment."

Spence was then informed by Special Ed Director Beverly Brown that a student in the system may need additional counseling through December. She said it would average out to about $2,000 per month. Spence noted that that would deplete the surplus he had just mentioned.

Playing Fields

Spence updated the committee on the status of the playing fields. He said that two workers were back today after no work being done over the past five weeks. "There was a disagreement between the owner, the building committee and the contractor," Spence explained. "The building committee set out their position in writing very strongly to the contractor who said he would be back working. I guess they are going to complete the job. Whether the contractor takes it to arbitration, I don't know."

Spence explained that the contractor had not anticipated that there would be as much top soil as there is. "The specs call for six inches of top soil and removal of any material not needed on the job. I didn't think there would be a problem with too much top soil," Spence said, "usually it happens when there is not enough top soil. Any material not needed on the job, he owns. However, if he sticks with the specs he feels he will have to haul in a lot more gravel than anticipated. That would more than offset the cost of removing excess top soil and selling (it). That is his position. I think it (his position) has been modified somewhat as they are working."

Committee members raised concerns over parking. Spence said high school students could park over by the Elementary school.

Committeewoman Linda Roach expressed concern over the use of the lot by high school students during periods when school buses are picking up the elementary students.

High School Principal Ed Grant assured the committee that the high school students would be out of the area before buses arrive. He also noted that the project involving the playing fields and the new parking area is about 5 weeks behind.

Spence said the project was to be completed around August 14. "It was estimated it would take a month. If they are working up to speed it would be into the month of September which is a good planting month. If they are not up to speed and don't get it seeded this fall, then we might have another problem which would delay use for another fall," he said. "If it is seeded in September, in effect it wouldn't make that much difference if it had been completed in August."

In another matter relating to the new school building, Spence said a problem with plumbing is still up in the air. "Granger has been told to correct all of the joints that have shown leaks in the past and correct any of the joints that don't meet the specs. I am guessing that is heading to arbitration and will be a stronger confrontation than the outside work." Spence said that as long as someone is willing to pay, the work on the plumbing would be done evenings and weekends. "When we get into the heating season we hope any deficiencies will be taken care of by then," he said.

Committeeman Glenn Anderson asked about progress on the new roof. Spence replied that the roof would be better than 90% complete before the opening of school.

MONDAY: Crafts resume Monday, September 10, in the Senior Center. Medical appointments all day, pre-registration required.

TUESDAY: Pokeno at 10 a.m. at the Senior Center. Lunch at noon. Pitch at 1:00 p.m. Special shopping in the afternoon, van, Stuarts.

WEDNESDAY: lunch at noon. Medical appointments in the afternoon, pre-registration required.

THURSDAY: grocery shopping all day, pre-registration required. Health checks from 8-9:30 a.m. in the Community Room at Orchard Apartments. Information and Referral Service from 10-11:30 a.m., also in the community room.

FRIDAY: lunch at noon. Blood pressures taken from 12:30-1:00 p.m. in the municipal center library.

NOTE: food distribution, September 14, town hall, lower level, 9:30-2:30.

HOLIDAY CLOSING: Monday, September 3, Labor Day. Office closed, recorder on for messages.

Moore Office Hours

SUTTON - Representative Richard Moore (D-Uxbridge) will hold Fall office hours for Sutton residents on the following dates: Thursday, September 27, Manchaug Library, 7:30-9:00 p.m.; Thursday, October 18, Douglas Town Hall, 7:30-9:00 p.m.; Thursday, November 15, Manchaug Library, 7:30-9:00 p.m.

Breakfast in Purgatory

SUTTON - The First Congregational Church of Sutton will sponsor the 37th Annual Breakfast at Purgatory Chasm Park on Labor Day, September 3, from 7-9 a.m. A breakfast of fried eggs, ham, muffins, homefries, pancakes, juice and coffee will be cooked over charcoal grills. In the event of rain, this event will be held in the church on Boston Road at the Common. Tickets are $4.00 for adults and $1.50 for preteens. There is no charge for children 5 and under. Tickets are available at the church office, 865-6914.

Distribution of Surplus Foods in Sutton

SUTTON - The Sutton Council on Aging will distribute surplus foods on Friday, September 14, from 9:30 a.m. to 2:30 p.m. at the Sutton Town Hall, lower level, rear entrance. Distribution for Sutton residents will be from this site only. Residents must bring proof of low income eligibility. For more information, call the Sutton Council on Aging at 865-9798.

Rally Day at Baptist Church

MILLBURY - Rally Day at the Millbury Baptist Church, Main Street, will be held on Sunday, September 9, with Sunday School beginning at 8:45 a.m. There will be a time of singing and bible drill, followed by registration in classes from kindergarten to adults and a preview of this year's lessons. The worship service will begin at 10:00 a.m.

Following the worship service, there will be game time following the theme of this year's Vacation Bible School, "An Island In The Son." Weather permitting, there will be a circle of games on the town common: wet sponge toss, pearl diving, fishing, shells in a bottle, face painting, horse shoes, bicycle racing, something for everyone. Hot dogs and hamburgers will be served along with other goodies for an old fashion Sunday School Picnic.

Dress for the day will be casual, with emphasis on the brightest shirt. All are welcome to begin a new year of bible teaching at Millbury Baptist Church's Sunday School.

From My Window on Farnsworth Court

By "Pastor Rae" Cameron

In order to write, you have to read as well. I have been doing some reading recently and one of the exciting books that I have read is by a Baptist theologian at Harvard by the name of Harvey Cox. It will be my privilege to go to Harvard this Fall and enjoy a day with him along with other American Baptist pastors of Massachusetts. His book, entitled "Many Mansions," deals with the many other religions besides Christianity to which we will be exposed these days. The title comes from John:14 in which Jesus says, "In my Father's house are many mansions," but later in this same chapter Jesus asserts that He alone is "the way, the truth, and the life. No man comes unto the Father, but thru me." Here we have both the broadness and the narrowness of Christian experience.

Recently I ministered to a family whose loved one was terminally ill at home. One of the members of that family had recently had a very profound Christian experience and was concerned for the eternal welfare of the loved one. It is wonderful to have the assurance of our salvation, but we must always remember that there are many mansions and many ways in which Jesus can be presented to us.

Dr. Cox has had dialogue with many world religions and one of the things he tried not to do was to be too pushy with his own Christian faith. But when it came time for dialogue, every one of the other religions asked him about Jesus. I have found in my own limited ecumenical experience that indeed the central issue and binding force is Jesus. Amen.

FALL SEASON PREVIEW

STORY HOUR begins Wednesday, October 3 and Thursday, October 4 at 10:30 a.m. Sign up your preschooler for either program. Story hour is designed to help your child develop a love for reading and books through stories, games, songs and crafts. Registration starts on September 19 at 10:00 a.m.

STARGAZING, Tuesdays, October 2, 9, 16 and 22 (rain dates on Thursdays) from 6:30-7:30 p.m. Stephen A. Nathan, lecturer at the Seymour Planetarium, returns to the library to present another four part program on amateur astronomy. Each evening will include both indoor and outdoor activities. During the course of the four weeks, participants will make a simple telescope, take photographs, and make a prism. Cost for the program is $5 to cover materials. Children in grades three and up, and adults, can register. Children must be accompanied by an adult. Registration starts September 20.

COMPUTER CLASSES for children in grades three and up. **GRAF-X,** Thursday, September 13 at 3:30, basic graphics course. **WORD PROCESSING FOR KIDS**, Thursday, September 20 at 3:30. Students must have had Graf-X. Registration necessary.

FRIENDS OF THE MILLBURY PUBLIC LIBRARY annual meeting, Thursday, September 27, 6:30 p.m. The community is invited to this first of four Friends meetings for the 1990/91 year. The Friends is a community support group. Annual membership is $2 single, $5 family and $25 organization. The Friends annual meeting will conclude with a special program presentation to be announced.

BOOK AND BAKE SALE: in October, look for the Friends annual book and bake sale. You'll get the best book buys and goodies in town. Baked good donations will be gladly accepted.

OUR VIEW: AN ASSOCIATION OF PHOTOGRAPHERS - this local camera club will return again this fall with another exhibit made up of the works of members in the Worcester County area.

TRIMMINGS AND TRAPPINGS: 17th century fashion of England and New England, November 13, 3:30 p.m. Costumer Lynne Wilkson will educate and entertain our young audience with songs, anecdotes and tales of country and city folks. Kids will learn about 17th century family life through a vivid array of children's and adult costumes.

HOLIDAY PROGRAMS - keep a look-out in this paper for information about our upcoming holiday children's programs from our annual Halloween Party to Christmas crafts.

For registration and information on any of these programs, call 865-1181.

Arts Council Accepting Applications

MILLBURY - Applications to the Millbury Arts Council are now being accepted for the Fall funding cycle. Application blanks are available at the library or the town hall. The following rules must be followed to apply:

1. Applications must be typed and completed in full.
2. An original and two copies must be submitted. Additional information further explaining the qualifications of the artist or cultural organization should also be submitted, if applicable.
3. Applications requesting $500 or more must be accompanied by a budget sheet.
4. Applications may be deposited in the Arts Council mailbox at the town hall; given to any Millbury Arts Council member; mailed to Chairwoman Charlotte Townsend, 364 Greenwood Street, Millbury, or presented in person.

All applications must be received no later than Tuesday, September 25, 1990.

Widow and Widower Challenge Group

WORCESTER - A Challenge Group for widows and widowers will meet on Friday, September 14, at 7:30 p.m. at the United Congregational Church, 6 Institute Road. A program will follow the meeting. New members are always welcome.

Increase in Lunch Prices

MILLBURY - The School Committee has approved an increase in the price of student lunches from $1.00 to $1.25 and also in the price of adult lunches from $1.75 to $2.00 effective the first day of school, September 5th. An increase in the price of breakfast from .55 to .75 was also approved.

The price of reduced lunches will remain .40 and reduced breakfast .30. The price of a-la-carte milk for students will also remain .25.

Breakfast will not be served the first week of school. This program will begin Monday, September 10.

School Lunch Menus

September 5-7

SUTTON from Page 5

Bacon asked if there was any indication as to whether the building committee would meet the requests for equipment for the new building. School Committee member Andrew Smith said the issue is still up in the air as the building committee is working on other issues.

Spence said the building committee might not get to that issue until the site work is done and other issues such as the plumbing, the peat problem in one area of the site, and consideration of alternatives for lighting the tennis and soccer areas are considered.

Roach asked if the building committee would seek input from the administration and the school committee. Spence replied that the building committee was very fair and would seek input from him and Mr. Grant. "We would alert you as to priorities and take your input," Spence said.

Salary Increase

Spence asked the committee to consider approving an increase in pay for the secretary/bookkeeper in his office for additional work in keeping the accounts for the cafeteria. He recommended an increase from $8.40 per hour to $9.00 per hour.

Committee's Goals

Bacon directed the meeting to a discussion of goals for the committee and the administration for the upcoming school year.

Roach suggested that the committee approach the issue of goal setting by breaking the full committee down into sub-committees of three members each to allow time to study in more depth the goals submitted.

Smith said he did not personally want to meet in subcommittees with the extra time that would be required.

Roach argued that it would be more appropriate to meet as subcommittees for in depth study and discussion rather than in personal and individual meetings with the administration. She noted that the open meeting law would require the sub-committee meetings to be posted and minutes recorded.

Bacon said she thought that subcommittees would be a good way to give the committee a focus. She suggested that they start off with one subcommittee on curriculum.

Committeewoman Sue Horne expressed some concern that a subcommittee of three members, by voting for certain goals or ideas, would take away from the authority of the full committee. Roach said the sub-committee would submit its report to the full committee which would then make its own decision by vote, thereby retaining authority.

The committee voted 5-0 to create two sub-committees, one on curriculum and another on budget and personnel.

The committee then presented individual proposals, goals and ideas for study by the sub-committee. Most of the goals centered on curriculum study and areas for improvement.

Anderson suggested the need for improvement in promoting writing skills and asked for a survey of the community for a "Night Life" program to increase the use of the school buildings as a center for community involvement and activity.

Smith suggested emphasis on curriculum and staff development.

Horne said she would like to see more emphasis on math, map reading, and study skills. She also suggested a study on ways of developing educational partnerships.

Bacon recommended the development of a four year math and study program, building principals and staff evaluations and goal setting, better communication of ideas from teachers to the school committee, staff development and curriculum development, team teaching, writing skill development, arts and humanities programs to be open to the community and other school systems, foreign language offered at an earlier grade level, environmental studies at the high school level.

Roach put forth suggestions such as a five year plan for curriculum, a grade 6-12 reading program, a summer reading list for elementary students, monthly reports at the building level to the school committee, a separate "mission statement" for the junior and senior high levels, evaluation of jr. and sr. high extra curricular activities and possible alternatives, recycling within the schools, and a study of collaboratives with other school systems.

Prior to adjournment, Bacon suggested that the committee consider which subcommittees they would like to serve on by the next meeting. The committee adjourned at 9:07 p.m.

Sutton Scout Registration

SUTTON - The Mohegan Boy Scout Council will hold a joint registration night for any new Cub Scout (including Tigers) or Boy Scouts in Sutton. Representatives from the Cub Packs and the Scout Troops will be at the Sutton Town Hall on Tuesday, September 18, from 7-8 p.m. Scouting is open to boys in grades 1 through 12. All boys currently in Packs or Troops in Sutton will re-register with their leaders.

DEADLINE

The deadline for ALL submissions to the Millbury-Sutton Chronicle is noon on Saturday of the week prior to publication.

Committee Formed for 'Super Park'

{l-r) Super Park Committee members Janice Morin, Happy Erickson, Evelyn Plante, Joe Coggans, Peg Spang, and Brian Pinga. Committee member Maureen Gibson was unavailable when the photo was taken.

MILLBURY - A committee has been formed to develop a "Super Park" playground in town. Local fund raisers will be established in order to reach the committee's goal. Committee members include Janice Morin, Happy Erickson, Evelyn Plante, Joe Coggans, Peg Spang, Brian Pinga, and Maureen Gibson. A Halloween Party for adults will be the first playground kick-off party. Anyone interested in becoming a part of this effort can attend a meeting at the Millbury Town Hall on Wednesday, September 5, at 7:30 p.m. or call Peg Spang at 865-2504 or Janice Morin at 865-5652.

EQUAL HOUSING LENDER

FDIC

The world according to us.

It's a small place, our world.

It's made up of nearby communities and farms and neighbors we know by name.

Our headquarters are here. All our business is here.

And our interests and loyalties are here.

We're an independent community bank — and we have one purpose: to take care of our small world.

Your deposits with us are invested locally — in loans to your neighbors and communities. They're not invested somewhere else — for somebody else's benefit.

This area is our world, and you and your neighbors are the only people in it.

That makes us unworldly, doesn't it?

You bet it does.

Town of Sutton
NOTICE OF PUBLIC HEARING

The Sutton Finance and Warrant Advisory Committee will conduct its public hearing to consider the articles appearing on the October 15, 1990 annual town meeting warrant at 7:30 p.m., September 10, 1990. This public hearing is being held in accordance with Section 2-3(b) of the Sutton Home Rule Charter.

The public is invited to attend and give input at the hearing. The hearing will be in the Town Hall, 3rd floor.

August 30, 1990

Town of Sutton
NOTICE OF PUBLIC HEARING
TAX CLASSIFICATION

In accordance with MGL Chapter 40, Section 56 as amended, the Sutton Board of Selectmen will hold a public hearing on Tuesday, September 4, 1990 at 8:00 p.m. in its chambers at the Sutton Town Hall for the purpose of determining the percentage of the tax burden to be borne by each class of property for fiscal year 1991.

The Sutton Board of Assessors will be in attendance at this hearing to provide information and data relevant to making such determination and the fiscal effect of the available alternatives.

All Sutton taxpayers are invited to this hearing and to present their comments and views orally or in writing.

DEADLINE

The deadline for ALL submissions to the Millbury-Sutton Chronicle is noon on Saturday of the week prior to publication.

MILLBURY from Page 3

The board approved the Safety Officer's request for street lines from 22 Burbank Street to the intersection at West Main Street to provide safety for traffic moving on Burbank Street.

Liquor License

A letter requesting the board to cancel an all alcoholic liquor license formerly used by the Parting Glass Pub was taken under advisement until the board offers an opportunity to the current holder to present before the board any reason not to cancel the license.

Hydrant Charges

The board will ask Mass. American Water Company to come before them to explain a proposal to bill water customers for the hydrant charges rather than the present method of quarterly billing to the town.

Right Turn

The State DPW reported that it could not approve a request from the board for a right turn only in the right lane at Grafton Road and Wheelock Avenue because the lanes were not wide enough at the intersection.

2-4 Sutton Road

The board received a copy of a letter sent to the Building Inspector from Joseph Brady of West Main Street alleging that an agrement between the town and Spiro Notidis pertaining to non use of a third floor apartment at 2-4 Sutton Road has been broken. Brady maintains that work on the apartment has been done and the apartment is being occupied. He asked the town to take action to enforce the agreement and order that the third floor be vacated.

In Compliance

Two letters from the Executive Office of Environmental Affairs were read concerning notices of non-compliance issued to Polyclad Laminates on Providence Road and Felters Company on West Street. Both letters stated that follow up visits to the companies show that they have complied with the requirements of the Notice of Non-compliance and that no further action will be taken at this time.

Sewerage

Prior to adjournment at 9:30, Lachance spoke to an issue pertaining to sewerage in Sutton. He said he would like to know where Sutton Town Engineer Richard Wharton gets his information that Sutton owns part of the Waste Water Treatment Plant in Millbury. "I'm tired of reading comments that Sutton owns part of the Sewerage Treatment Plant in Millbury," he said.

Center Celebrates First Anniversary

MILLBURY - The District Nursing Society Adult Day Health Care Center celebrated its first anniversary on August 22. The Center has served 21 people in Millbury and another 23 from neighboring communities.

The Center is an alternative to 24 hour institutional care through an organized program of health care and supervision, restorative services and socialization. The program provides for appropriate supervision emphasizing therapeutic health care services and safety which enables the participants to remain as independent as possible in the community. As a result they can experience a better quality of life and remain in control of their lives.

The Center supports family life through the provision of health care, restorative therapy, a safe environment, and socialization for participants during weekday, daytime hours, allowing families to work or to have several days per week for rest from caregiver responsibilities.

The majority of elders attending the program are economically and socially disadvantaged persons eligible for Medicaid or Home Care Corporation reimbursed day care services. The eligibility requirements for Adult Day Health Care for Medicaid are as follows:

1. Participant must have a medical or mental dysfunction that involves one or more physiological systems and requires nursing care.
2. Participant must require one or both of the following: skilled services or assistance with activities of daily living.
3. Participants must attend from 2-5 days a week for six hours.

Services are also available on a private pay basis for those not eligible for Medicaid or Home Care Corporation funding. If you are interested in Adult Day Health Care services or have any questions regarding the center, call Mary Beth Camp, Program Director, at 865-1401.
